PROFILE

As a Cybersecurity graduate from Azerbaijan Technical University, I am eager to begin my professional journey in the field that excites me the most. My background includes practical IT support through my experience with the ASAN Master HelpDesk and continuous self-study to refresh my skills following my military service. I am looking for an opportunity to prove my dedication and learn from experienced colleagues, and I am committed to working hard, tackling diverse security challenges, and growing step-by-step alongside the team.

WORK EXPERIENCE

ASAN service, Master 2 volunteer (IT) 01.09.2025 - 01.12.2025

- Worked in the cybersecurity department as a volunteer
- Mainly assigned to the administrative tasks within "Help desk" scope
- Participated in the internal discussion for task division and decision-making

ASAN service, Master 1 volunteer 01.10.2023 - 01.12.2023

- Completed "stress management", "decision-making" and "time management" courses
- Surveyed the citizens
- Contributed to the internal team discussions for solutions

Graphic designer 01.07.2021 - 01.12.2023

- Even though I was a freelancer, I was able to create 3 other revenue sources for the company
- I was able to secure loyal customer base for the same company
